

ORBICX Scrub R860

Compact Ride-on Scrubber Dryer

Ride-on Scrubber Dryer High Cleaning Efficiency save Time Effort and money Cleaning Efficiency 6200m²/h

SELF-LEVELLING SPRAY GUARD

The edge of the spray guard automatically follows the contours of the floor, preventing solution loss and ensuring perfect drying. Thanks to ORBICX exclusive Brush' O-Matic system, the brushes can be released and fitted automatically, without the use of tools. Brush pressure on the floor can be adjusted as needed.

The squeegee can be adjusted easily to suit any type of floor and to deliver perfect drying under all conditions. Crafted from stainless steel, it offers superior corrosion resistance and facilitates easy cleaning and sanitization. Reversible squeegee blades and a quick-change system minimize maintenance time and costs.

Polinovel floor machine battery uses one of the safest and most stable lithium chemistry available – LiFePO4, which features long life, no maintenance, fast charging than other battery types. The robust battery module integrated with elegant BMS presents outstanding durability, and reliability to optimize the productive hours on the job.
