---

# ORBICX Sweeper RS1250

## Automatic ride on floor sweeper

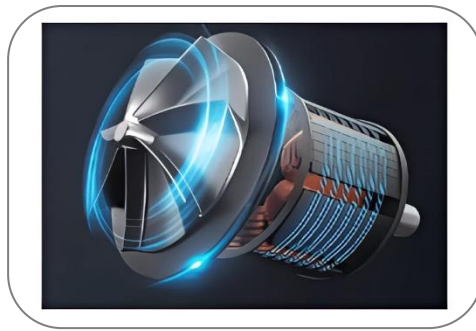

---

Ride-on Sweeper High Cleaning Efficiency save Time Effort and money Cleaning Efficiency 8750m<sup>2</sup>/h

Disk brake system - adopt disc brake system which is safe and stable, ensure the operation safety

Motor – The motor advantages: long service life, stable function, precise speed regulation, large speed regulation ratio, strong output characteristics, smooth operation.

Dustbin – The dustbin equipped with rollers, transfer dumping is more convenient and efficient, high sealing performance and no leak.

| Description             | Values                |
|-------------------------|-----------------------|
| Sweeping width          | 1250mm                |
| Cleaning Efficiency     | 8750m <sup>2</sup> /h |
| Hopper capacity         | 100L                  |
| Filter surface          | 5m <sup>2</sup>       |
| Roller brush motor      | 500w                  |
| Side brush motor        | 100w                  |
| Forward motor           | 800w                  |
| Roller brush            | 500mm                 |
| Water Tank capacity     | 50L                   |
| Max driving speed       | 12km/h                |
| Sweeping speed          | 8km/h                 |
| Clipping capacity       | 25%                   |
| Battery                 | 12v52Ah*4             |
| Battery charge duration | 4-6h                  |
| Working Time            | 3-4h                  |
| Product weight          | 480kg                 |
| Machine size            | 1550*90*1450mm        |
| Maximum working time    | 3-6h                  |

## Big Capacity Support Long time of Cleaning
